## FULL STEAM AHEAD U.S.S.C. SUGAR MILL AT BRYANT

### Right on Schedule!

That's the official report from the working site of the new U. S. Sugar Corporation sugar mill at Bryant where Farrell-Birmingham, Ansonia, Conn., contractors, have the contract to build and have ready for the 1962 cane grinding season a \$14,000,000.00 sugar mill. Despite frequent rains during the past month the contractors have been able to keep pile driving, concrete pouring and other incidental work on schedule.

Four of the massive buildings in the overall mill are "completely piled". They are the Shop, the Warehouse, Mill building and the Boiling house. The concrete mill mat is being poured in three sections. The north and south mat have been poured for a total of about 600 yards of concrete. This was done on Tuesday of last week with a large fleet of red-mix trucks from the Shirley Brothers plant in Pahokee. The middle section which will contain about 700 yards of concrete will be poured the first of next week.

A new office building has been erected by U. S. S. Corp. and is being used as an office on the site by the contractors and the sugar company.

Of special interest to Canal Point is the request for permit by the Sugar Company to lay new pipe lines into Lake Okeechobee to furnish water for the new three-quarters of a million dollar water plant to be erected along with the mill.

The United States Sugar Corporation has made application to the Department of the Army for a permit to construct a water intake pipe and pump structure in Lake Okeechobee, easterly shore and across the government levee near Canal Point, according to Col. J. V. Sollohub, district engineer.

It is proposed to lay three 13-inch water lines and one 440 volt power cable from the levee land side right-of-way across the levee and to the proposed pump structure located just below the berm on the lake shore.

These would be trench-in to a minimum depth of four feet from invert of the pipes to the surface.

### Small Claims Court Scheduled Aug. 17

The next session of the small claims court will be held at the Glades Office Building on Thursday, August 17, according to an announcement by Judge F. A. Currie of that court. The deadline for filing cases to be heard at the upcoming session is Wednesday, July 26. Cases may be filed with Mrs. Mae Pope at the Glades Office Building.

### Employment Holds Steady In Florida

TALLAHASSEE — Industrial Commission Chairman Worley Brown says Florida employment is holding steady, and he predicted more jobs for workers as the nation's economy improves.

The June unemployment report, he said, will show a considerable increase due to students and graduates entering the labor market. Out-of-state job seekers leaving Florida in May, however, eased the unemployment picture somewhat, he said.

### Hooks Starts Work \$80,000 Apartment

D. L. Hooks started construction this week on a new \$80,000.00 apartment house to be erected on a spot where several small houses have been moved off property he owns fronting on US441 in Canal Point. He expects to get actual construction under way just as soon as the property can be cleared of buildings and trees. A test piling has already been driven.

Mr. Hooks said that the new building will contain 12 two-bedroom apartment and will be modern in every detail. The building will be a two story affair and will be 166 x 80 feet overall.

Mr. Hooks just recently completed a handsome new apartment house on Lake Shore Drive with two apartments in it. He remarked that the new building will contain apartments just the same size as those in the recently completed building.

### Boltons Will Take Annual Vacation

Starting tomorrow (Saturday) night Mr. and Mrs. John Bolton will take their annual vacation this year only two weeks. Their popular drug store in Pahokee will be closed at that time and re-open on Monday, July 31 at the regular morning hour.

An innovation this year will provide prescription service for the customers of the store, however. Mr. Bolton has made arrangements with R. P. Fletcher, Florida Registered Pharmacist, to take care of all prescriptions between the hours of 8:30 a. m. and noon six days a week during vacation. Prescription customers will use the door on the Bacom Point Road side during the specified hours.

The Boltons didn't have any set itinerary for their two weeks off from the store. "It's more fun that way," M. Bolton said.

### Council OKs Fire Dept. Charge

At the City Council meeting in Pahokee the City Clerk Patsy Batchelor was authorized to proceed in charging out-of-town residents for the use of the Fire Department for services. The rates will be \$25.00 for the first hour and \$5.00 for each additional hour.

A statement from the County listing the cost of the material used in the extension of the water line to the Glades Airport, a distance of 3200 feet; cost \$7,952.34. The city will pay for this at \$1,000.00 per year plus the monthly water bill at the Airport.

Mrs. A. R. Rice offered to sell her lot adjoining the City baseball diamond for \$1,000.00, considering.

No action was taken on the straw vote which was sponsored by the Citizen's Committee on July 7th, in which the public expressed the desire for the 1952 law governing the opening and closing of liquor stores in the city. The city departed from this law early this year.

### Operator Sought Pahokee Airport

Initial action to secure a base operator for the Glades Airport at Pahokee, was taken by the county commission this week.

The board instructed its airport director and county engineer to open negotiations for a base operator.

The board also instructed the engineer and airport director to confer with South Bay Growers on the firm's request to build a hangar at the Glades Airport, Pahokee.

In other actions the commission: Received a letter from State Attorney Phil O'Connell, asking that vacation for George Green, investigator for the state attorney's office who has been asked to resign, be started July 15.

Voted to name appraisers for right of way needed for widening Blue Heron Blvd., in Riviera Beach from U. S. 1 to the bridge over the intercoastal waterway.

Heard that a number of residents on Jupiter Island are asking the commission to establish a bulk head line.

County Commissioners this week were putting final touches on the boards budget for the coming year.

It appeared that reduction in property assessments would make it necessary to raise tax levies to meet budget needs.

Nearly \$6 million in taxes will be needed this year to finance budget items.

### Pahokee Lions Hear Miami FBI Agent

B. R. Mosley, program chairman introduced Wesley Graff of Miami as the guest speaker at the Pahokee Lions Club luncheon meeting Tuesday. Mr. Graff, special FBI Agent in charge of the Miami Office, spoke on the FBI activities.

D. B. Mathis and Frank Tillis chairmen of the July 4 barbecue, reported it was a financial success.

James T. Frick was inducted into the club as a new member. Leonard Dobrow was in charge of the induction.

### Developer Gives RW Pahokee Street

The Palm Beach County Commission Monday stuck to its guns on subdivision right of way requirements and won a battle which will mean future savings for taxpayers.

The disagreement arose over requested approval for a Pahokee subdivision named Parkway Manor. The plat—an eight acre development—had been approved by the Pahokee council despite the fact that right of way requirements for improvement of State Road 715 were 17 feet short of what was called for by road department engineers.

When presented recently to the county commission for approval, the plat with the skimmed down right of way, brought no action from the board. At that time, the county group agreed that lending its approval to plats without sufficient right-of-way would put the board in a position of having to purchase right-of-way at some future date—and at much more expense to the taxpayers.

Monday, the Parkway Manor developers appeared before the board to ask approval for the plat.

Despite strong arguments by the developers' attorney and facing the possibility of a law suit, the county commission held its ground and again declined to take any action on the plat.

Later, after a corridor conference, the developers returned to the meeting and told the board the requested right-of-way would be available. The commission agreed to approve the plat after it was re-drawn and after it had again won approval of the Pahokee council.

It was pointed out at the meeting, that municipalities and not the county commission, has the authority to establish setback lines within towns. In many cases where towns have failed to establish the set back lines, the county commission has been forced into lengthy and costly right-of-way suits.

### Whiskey Hours Up To Pahokee Council

Further action on a request to change hours for operation of liquor establishments in the Glades, was delayed this week until further facts in the case could be presented by the City of Pahokee.

The county has been awaiting the results of municipal elections voting on possible changes in hours of operation. One election ran into an injunction last week and the balloting resulted in a "straw vote."

Belle Glade residents balloted to keep the hours the same as they are now. The straw vote in Pahokee followed a similar pattern. County action now awaits action by the Pahokee City Council.

A request to the commission, asking that the hours remain the same as established in 1952, was submitted to the board by the Canal Point Methodist Church.

### Last Rites Held Clinton Sellers

One of Canal Point's fine young men was laid to rest Tuesday, July 11, in Tampa at 4 p. m., with full military honors delivered by the me from McDill Airforce Base of Tampa.

Cpl. Clifton Roy Sellers was twenty years of age at the time of his untimely death, early Thursday evening, when he was killed in an automobile accident near Cherry Point, N. C. He enlisted in the Marines three years ago from Pahokee High School.

He was a native of Palm Beach County, born in Bean City, moved to Canal Point with his parents when he was quite young and attended both Canal Point and Pahokee Schools. Up until he entered service this was his only home and many friends were saddened by the news of his death.

Clinton is survived by his parents, father, Homer Sellers of South Bay; mother, Mrs. Christine B. O'Hara, Wimauma; two brothers, John Sellers of South Bay and Donald Sellers of Tampa; also several aunts and uncles including Mrs. Lula Holden of Canal Point.

Blount Funeral Home of Tampa was in charge of the arrangements.

### PIONEERS FUNERAL

Mayor and Mrs. Duncan Padgett, Mr. and Mrs. Charles Moran, Mrs. Adaline Stuckey and Miss. Alice Joy Wilson all of Pahokee went to West Palm Beach on Saturday and attended the funeral services of John Davis. Mr. Davis was one of the pioneer residents of Pahokee.

## BOOM HITS FLORIDA EVERGLADES . . .

(From St. Petersburg Independent)

Some areas of the county, in Florida even, may be crying in their beer over sagging economic conditions, but this isn't true in Florida Everglades. There they are dancing in the cane fields and making merry over the sugar pots.

A boom has hit the canebreakers, and unless the federal government tightens up controls the area around the southern rim of Lake Okeechobee is headed for high prosperity, of a permanent nature.

When Castro started his Red rampage, America cut off Cuba's sugar quota, gave some of the business to more friendly lands, and eased the restrictions on sugar production in the United States.

Although much of America's domestic sugar production is from beets in the Middle West, some cane sugar has been produced domestically and Florida has been an important producer. Now Florida's production is going up.

Last year it is estimated that \$25 million in products from sugar cane helped to sweeten the state's economy and more sugar will be stirred into our economy in the years ahead.

Florida is considered to be the best sugar cane area in the United States. Clewiston has the country's largest raw sugar mill and there is no reason why its natural production should not be permitted to grow.

Even should Cuba return to sanity, this country should not penalize its own sugar producing areas to fatten the new rulers, be they leftist or rightish. We should look after our own country. We fattened Cuba for years, and what did it get us?

A matter of fact, the Castro revolution has made one fact reasonably clear. Cuba should have a more balanced agricultural economy. They should raise less sugar cane. We should raise more and we should exploit to the fullest the great potential sugar cane areas of Florida.

## Danish Folks Enjoy Lunch At Andersons

Mr. and Mrs. H. J. Anderson were host and hostess of the Danish Brotherhood on the 4th of July at their home on Bacon Point Road in Pahokee. 135 Danes from all over the State attended this get-together and enjoyed a picnic lunch on the Andersons' spacious lawn. Thirty-five guests remained for supper and enjoyed card games in the evening. They have met here for the past five years.

## J. G. Weeks Presides At Lions Meeting

The Canal Point Lions Club met Monday evening with their new president, J. G. Weeks presiding over the meeting. The chairman of the "Canal Point Street Lights Project" reported sufficient funds had been collected to keep the lights burning in Canal Point for another year. Floyd Erickson introduced his guest Calvin McDaniels. The meeting was short as the program was left off at this time.

## HOME FROM OCALA

Mr. and Mrs. T. D. Mullis and son, Tommie, returned to Canal Point Thursday, after a month's stay in Ocala where he was manager of Brown's Produce Brokerage office. They spent the past week enrolling their son in junior college prior to their leaving for Michigan where Mr. Mullis will be in the produce brokerage business. Enroute they plan to spend some time with her parents, Mr. and Mrs. G. W. Buchner of Ferris, Virginia.

## Florida Arts To Be Seen In New York

SARASOTA—The Florida Development Commission with the cooperation of the state-owned Ringling Museum of Art in Sarasota, has opened a month-long exhibition of Florida arts at the Sunshine State's showcase in the RCA Building at Rockefeller Center in New York City.

Five museums and art galleries and seven artists from throughout the state have provided a display of period and contemporary art pointing up Florida has more to offer than palm trees, seashores and sunshine.

Highlight of the exhibition is a contest built around the art works on display. Each of the artists represented has written a statement on his philosophy of art. The visitor who correctly matches all, or the greatest, number of statements to their respective painting will win a deluxe trip to Florida.

## APPRECIATION

We are deeply grateful to our many friends in Canal Point and Pahokee for their kindness in our bereavement in the death of my mother, Mrs. Jessie Beatty. Your messages of sympathy through prayers, cards and flowers will always be remembered by us.

Ray Hawk, Sr. and Family.

Mr. and Mrs. O. H. Sheppard of Canal Point had as their Sunday overnight guests, his mother, Mrs. Inez Sheppard and two brothers, Eugene and daughter Pam, and Henry Sheppard, all of Roanoke, Ala.

## Here's what the new $3\frac{3}{4}\%$ interest rate on U.S. Savings Bonds means to you:

**\$3 = \$4** *fourteen months faster than before*

### *The Bonds you own are better than ever, too*

The new  $3\frac{3}{4}\%$  rate means your savings grow faster than before with U.S. Savings Bonds. \$3 becomes \$4, or \$3,000 becomes \$4,000 in just seven years, nine months. This applies to all Series E Bonds bought since June 1, 1959.

Then, all older Bonds, both Series E and H, pay more now—an extra  $\frac{1}{2}\%$  from June 1 on, when held to maturity.

And, all Series E Bonds carry a new 10-year extension privilege. This means your Bonds will keep earning liberal interest automatically after maturity.

These three new cash benefits make today's U.S. Savings Bonds the finest in history. They make the ones you own now better, too.

### *More advantages of U.S. Savings Bonds*

You can save automatically. Just tell your company how much to deduct every payday for Bonds, and your Bonds will be delivered to you. This way you can't forget to save. And, remem-

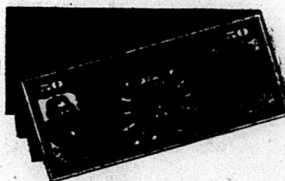

ber, the money you don't touch can't slip through your fingers.

You can get your money, with interest, when you need it. Your Bonds are a ready reserve to use anytime you wish. But, it pays well to hold them.

Your savings can't be lost or stolen. The U.S. Government guarantees to replace your Bonds, free, if anything ever happens to them.

You save more than money. The Bonds you buy help keep the peace because peace costs money. Money for better education, new scientific research, greater military strength. And the money you save helps strengthen our nation's economy which depends on the financial strength of individuals to keep it sound.

Start saving with U.S. Savings Bonds today. You'll save more than money.

*You save more than money*  
**with U.S. Savings Bonds**

## "Camper" Available In New Borgward

WEST PALM BEACH—A West Palm Beach importer of automobiles has developed a "Camper" model complete with bathtub, kitchen sink, hot and cold running water and other conveniences.

The unit was developed from a German-made Borgward bus by Frank Taylor. It sleeps five, is said to average 25 miles to the gallon at high speeds.

Taylor developed the first "Camper" for his own use and checked it out on a 22-state, eight weeks' trip with his family. He's now outfitting and distributing the units in 42 states, Canada and Puerto Rico through the Borgward-Taylor Truck and Coach Co. He has also developed a Work 'n Play model which doubles as work truck and camper.

## Pick your savings target and shoot straight for it!

**A** home... financial security... a business of your own. Important savings targets like these cost money—a substantial sum—and more than most of us have. But here's a sure way for you to score a bull's-eye and walk off with the big prize you want.

The secret of saving is system. And the simplest, most automatic saving system ever devised is the Payroll Savings Plan. Start off all you do more than save through Payroll Savings. You direct your money, too, and make it grow. Here's how it works:

Tell your company pay office how much you want to save each week. Then each pay period that amount will be put aside for you before you have a chance to spend it. Your money will go automatically into U. S. Savings Bonds.

Because Savings Bonds earn good interest—2½ compounded semiannually—that's all it takes to get you a good financial start. And your money will grow steadily, too. You can also get interest rebates on the money you save. That's another \$1000 or more a year for you.

And remember this: There's no payment or charge about the Payroll Savings Plan. It's absolutely safe and sure. Invest just \$100 a week for 4 years and you'll have Savings Bonds worth \$1000 in only 48 weeks, \$1000.

Even if you've never been able to save before, this plan is guaranteed to work for you. So sign up today for Payroll Savings where you work—or invest in Bonds regularly where you bank.

**For the big things in your life, be ready with U. S. Savings Bonds**

## Christian Science Group Of Canal Point

Enrichment of life through spiritual understanding of God is a theme to be brought out Sunday at Christian Science services.

One of the Scriptural selections in the Lesson-Sermon on the subject of "Life" is from John (17): "And this is life eternal, that they might know thee the only true God, and Jesus Christ, whom thou hast sent."

From "Science and Health with Key to the Scriptures" by Mary Baker Eddy this passage will be read: "Ignorance of God is no longer the stepping-stone to faith. The only guarantee of obedience is a right apprehension of Him whom to know aright is Life eternal" (p. vii).

## ATTEND FUNERAL

Mr. and Mrs. R. L. Hawk, Sr., accompanied by their son and daughter-in-law, Mr. and Mrs. R. L. Hawk, Jr., also her sister Mrs. F. H. O'Connell attended the funeral services of his mother, Mrs. Jessie Beaty, Saturday in Coral Gables.

## SUNDAY GUESTS

Mr. and Mrs. Joe Kelly and daughter Madalyn of Ft. Pierce were the Sunday luncheon guests of their son-in-law and daughter, Mr. and Mrs. J. V. Thomas, Jr., of Pahokee, the parents returned to their home that evening and their daughters remained for a visit with her brother and family.

## BARBECUE LUNCHEON

Mrs. Alma Farrow entertained the Business and Professional Women's Club of Pahokee with a barbecue luncheon on Saturday. About twenty members arrived to take part in the boating, fishing and all-around good time.

## IN HOSPITAL

Mrs. Sallie Herndon, Mrs. Joenne T. Wilder, and Mrs. Ethel Barwick and baby, all of Pahokee.

Mr. and Mrs. Donald B. Kepp of Canal Point are spending their vacation in Naples, they plan to be away several weeks.

Mr. and Mrs. Earl Maxson of Canal Point were Sunday luncheon guests of Mr. and Mrs. Edd Smith in Ft. Lauderdale.

# New $3\frac{3}{4}\%$ interest on U.S. Savings Bonds

*The Treasury explains why the new ones you buy and the ones you own now are better than ever*

**Q:** How does the new  $3\frac{3}{4}\%$  interest rate benefit me?

**A:** With Series E Bonds, the rate turns \$18.75 into \$25.00 fourteen months faster than the old rate. Your savings increase faster, because your Bonds mature in just 7 years, 9 months.

With Series H Bonds, the 10-year maturity period stays the same but more interest is paid you each six months. With both E and H Bonds the new rate works out to  $2\frac{1}{2}\%$  for the first year and a half; then a guaranteed  $4\%$  each year to maturity.

**Q:** When did the new rate become effective?

**A:** June 1, 1959.

**Q:** Does the new rate change the Bonds I bought before June 1, 1959?

**A:** All older E and H Bonds pay more now—an extra  $\frac{1}{2}\%$  from now on, when held to maturity. The increase takes effect in the first full interest period after June 1.

**Q:** Will the Bonds I own automatically earn their new rate?

**A:** Yes. You don't need to do a thing—just hold on to your Bonds.

**Q:** When my E Bonds mature, will they keep on earning interest?

**A:** Yes. An automatic 10-year extension privilege went into effect along with the new interest rate. This means your E Bonds will automatically keep earning interest after maturity.

**Q:** With the new interest rate, should I cash in my old Bonds and buy new ones?

**A:** No. The automatic  $\frac{1}{2}\%$  increase makes it unnecessary—and in almost every case it is to your advantage to retain your present Bonds.

**Q:** How are series H Bonds different from series E Bonds?

**A:** The chief difference is this: You buy H Bonds at full face value and the interest is paid by Treasury

check every six months for the life of the Bond. You buy E Bonds at 75% of face value and the interest accumulates to maturity. H Bonds provide income for living expenses, while E Bonds build a nest egg for the future. That's why many retired people hold H Bonds and families saving for, say, a child's education, buy E Bonds.

**Q:** In what denominations can I buy series E and series H Bonds?

**A:** E Bonds: \$25 (cost \$18.75), \$50 (cost \$37.50), \$100 (cost \$75.00), \$200 (cost \$150.00), \$500 (cost \$375.00), \$1,000 (cost \$750.00), \$10,000 (cost \$7,500.00).

H Bonds: \$500, \$1,000, \$5,000 and \$10,000. They are priced at face value.

**Q:** How safe are U.S. Savings Bonds?

**A:** Savings Bonds are an absolutely riskless way to save. The United States Government guarantees the cash value of your Bonds will not drop, that it can only grow.

**Q:** What if my Bonds should be lost, stolen or destroyed?

**A:** You can't lose. Every Bond purchased is recorded by the Treasury. If anything happens to your Bonds they are replaced—free.

**Q:** Where can I buy Bonds?

**A:** Buy E Bonds at any bank—it takes only a few minutes. Buy them automatically through the Payroll Savings Plan where you work. This Plan means you can have any amount you name automatically deducted every payday. The Bonds you buy by installments are delivered to you automatically, too. Your bank will take your order for H Bonds.

**Q:** How do I help strengthen America's peace power when I buy U.S. Savings Bonds?

**A:** Peace costs money—money for military strength and for science. And money saved by individuals helps keep our economy sound.

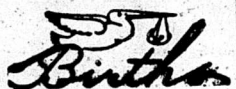

## YOU SAVE MORE THAN MONEY WITH U. S. SAVINGS BONDS

The U.S. Government does not pay for this advertising. The Treasury Department thanks The Advertising Council and this publication for their patriotic donation.

**The Everglades News**

PAUL RARDIN, Publisher

The Lewis Cowarts of Canal Point wish to announce the arrival on July 7th of a baby granddaughter, little Miss Catherine Louise Tamney (mother, Julia Cowart) at the home of Mr. and Mrs. John Tamney of Chicago, Illinois. Her father is working on his master's degree in engineering at the University of Chicago.

The Stork made three landings at the Everglades Memorial Hospital this week when three babies were born to three Pahokee families.

Mr. and Mrs. Paul Hendricks are the parents of a son, Paul Tandle, Jr., born July 6.

Mr. and Mrs. Carney Wilder have a baby son, Christopher Lynn, born July 8th.

Mr. and Mrs. J. S. Barwick have little June as a new member of their family. She was born July 10th.

## Excellent Record On Turnpike For July Fourth Traffic

TAMPA — John M. Hammer, Chairman of the Florida State Turnpike Authority, said today that the Sunshine State Parkway, Florida's turnpike, came through the lengthy Fourth of July holiday with an excellent safety record.

"In fact, during the period extending from six p. m. Friday, June 30, through midnight, July 4, the Florida Highway Patrol Troop assigned to the Parkway reported only one minor accident on the superhighway," Hammer added.

No fatalities were reported on the 108.8 mile stretch of divided highway, extending from Miami to Fort Pierce, during this holiday period. The sole accident occurred near the West Palm Beach interchange. The driver was uninjured.

Hammer says the turnpike troopers issued 57 citations during this four-day period.

As a safety promotion, the Sunshine State Parkway issued free passes during this period to motorists who displayed properly installed seat belts in their vehicles.

1,810 vehicles showed-up equipped with the belts and were given their complimentary ride on the turnpike as a reward for their safety-mindedness.

Chairman Hammer added, "since its opening in 1957 the Parkway has compiled an amazing safety record of only 2.5 fatalities per 100-million vehicle miles. There have only been 22 fatalities on the Parkway."

## Patterson Circle In Monday Meeting

The Ione Patterson Circle of the Canal Point Baptist Church met Monday at 3:00 P. M., in the church with Mrs. W. S. Evans, Chairman, presiding. Mrs. J. D. Latham gave the devotional assisted by Mrs. C. B. Jones. The program "Sharing Possessions" was presented by Mrs. W. S. Evans in the absence of Mrs. J. H. Bordeaux, who was unable to attend the meeting because of illness.

The following officers were elected for the new church year: Mrs. W. S. Cross, chairman; Mrs. J. L. McCall, co-chairman; and secretary and treasurer, Mrs. M. F. George.

The August meeting will be held at the home of Mrs. J. J. Walker in Port Mayaca with Mrs. C. B. Jones presenting the program.

## TO GEORGIA AND RETURN

Rev. and Mrs. Charles D. Stewart of Canal Point drove to Statesboro, Ga., Monday and are, the guest of their son Charles Stewart. Their daughter, Mrs. Martin Bradley and children of Nashville, Tenn., made plans to meet her parents in Statesboro and accompany them to Canal Point on Friday for a visit.

## AT YOUTH CAMP

Mrs. Jack Cook and son, Robbie, of Belle Glade, accompanied Mrs. Floyd Erickson and son, Dale, of Canal Point, on July 9th to High Springs where the boys are spending this week at the Summer Youth's Camp at Camp Kulake.

Mr. and Mrs. F. M. Wilson returned Saturday to their home in Canal Point following a month's vacation and visit with their children in Virginia, Chicago and New York.

## Sports Fishing Is Sleeping Giant

The sleeping giant of Florida has been its Sports Fishing. Through the years some of the states leading enterprises have received the recognition and deference to which they are entitled. The citrus, beef cattle, phosphate, and tourists industries have all been accorded their fair share of honors.

Everyone knows what wonderful fishing spots are available along the many miles of Florida's coastline.

Recently the department decided to find out how much people spent in their quest of salt water angling.

A detail breakdown of expenditures would not be appropriate here but a few selected facts would be interesting for instance:

1. During one recent year 68,657 anglers fished from one bridge across the Indian River. They spent 151,328.07 dollars by our estimates.
2. On another bridge in the same area 125,284 people fished in one year and spent 211,729.96 dollars.
3. In Biscayne Bay a total of 536,021 fishermen spent 2,913,592 dollars.

4. On one good day 1,000 fishermen fished from one bridge in Titusville. These statistics which could be continued indefinitely point to the fact that sports fishing is one of Florida's greatest resources. Certainly a financial Goliah such as this must be listened to with respect.

But there are two sides to the coin. During the past few years a remarkable approachment has been effected between sports and commercial fishing interests. In this alliance we see the great strength and authority to meet and overcome difficulties that challenge both groups. Together they can help cope with the enormous problem of Pollution and the destruction of coastal nursery grounds.

## Vacation Time At Bolton's

Store Will Close Saturday Night, July 15 and

Re-Open Monday, July 31

## SPECIAL PRESCRIPTION SERVICE

R. P. Fletcher, Florida Registered Pharmacist, will be in the Prescription Department from 8:30 a. m. until 12:30 Noon Six days each week during our vacation. Come to the side door on Bacom Point Road to reach our Prescription department where Mr. Fletcher will serve you.

lem of Pollution and the destruction of coastal nursery grounds.

A constant vigil of sound practices of Conservation will continue to enhance the industry to both the sports and commercial field and will place Florida among the leaders in the nation for recreation and economy.

## HOME FROM HONEYMOON

Mr. and Mrs. Wilbur Echols returned to Canal Point Sunday following a two weeks wedding trip. They will be the house guests of their parents, Mr. and Mrs. L. D. Echols until their new home in Belle Glade is completed.

## Standard Station Nearing Completion

Finishing touches are being put on the handsome new Standard Oil Service station being built just south of the bridge in Canal Point on US441. The station is being completed this week at a cost of nearly \$30,000.00. Most everything has been done around the new station and now the black top is about the only thing needed to complete the job. Manning I. Keen, Standard Oil distributor, has not as yet announced the name of the new operator of the station.
